

ALLERMYL® SHAMPOO

A MEDICATED SHAMPOO FOR CATS AND DOGS

Allermyl® is a medicated shampoo for sensitive or itchy skin in cats and dogs.

KEY BENEFITS/PROPERTIES

- Soothes, cleanses and moisturises.
- Foaming microemulsion helps distribute the shampoo throughout the skin.
- Relieves itching and irritation.
- Dye and fragrance free.
- Maintains skin barrier integrity and microbial balance.
- Physiological pH.
- Cleans, soothes and moisturises irritated skin.
- Recommended by the international committee on allergic diseases of animals.
- Gentle cleansing agents.
- Defensin Technology™ (Peumus boldus leaf extract, Spiraea ulmaria extract).
- Skin Lipid Complex™ (Ceramide 3, Ceramide 6 II, Ceramide 1).
- Glycotechnology™ (rhamnose, galactose, mannose, lauryl glucoside).
- Essential Fatty Acids (linoleic acid, linolenic acid).

MODE OF ACTION

- The deeply moisturising Skin-Lipid-Complex™ improves skin barrier function to help protect against allergens such as pollen and pathogens such as bacteria and yeast.
- Skin-Innovative-Science™, which incorporates Defensin™ Technology and Glycotechnology™, upregulates the body's own defences against infection and reduces the ability of pathogenic organisms to attach to the skin.

INDICATIONS

For use in dogs and cats for the treatment and management of skin barrier imbalance like allergic and atopic skin diseases.

CAUTIONS

- For animal use only.
- For topical use only.
- Avoid contact with eyes.
- If the shampoo gets in pet's eyes rinse well with clean water.
- Wash hands after use.

DIRECTIONS FOR USE

- Shake well before use.
- Due to the fluid nature of the product, it is not recommended to pour Allermyl® onto the hand before applying to the coat.
- Wet the hair coat with warm water, invert bottle and apply a thin line of shampoo from the base of the neck to the base of the tail.
- Massage Allermyl® shampoo into the wet hair coat, lather well.
- Rinse, repeat and then allow lather to remain on the hair coat for 3 to 10 minutes.
- Rinse thoroughly with clean, warm water.
- Repeat 2 or 3 times per week for 3 weeks, then as recommended by a veterinarian

PRESENTATION

200 ml bottle.

STORAGE

Store below 30°C (room temperature). Keep out of reach of children.
